Welcome to the annual IFSEC Security Industry Awards. Tonight we're delighted to be able to celebrate and acknowledge excellence within this exciting and dynamic industry and in particular we'd like to welcome our many international guests that have joined us this evening.

This event wouldn't be what it is without the support of the industry and I'd like to take this opportunity to thank all of our sponsors as well as those companies that entered the awards. The standard of entries has never been higher and would like to offer the best of luck to all tonight's finalists.

I hope you all have a very enjoyable evening.

James Blue **Portfolio Director - Security & Fire**

I am delighted to welcome you to this year's IFSEC Security Industry Awards Dinner at which the excellence of products and technological innovations of some of the world's most successful and prestigious companies are showcased. I would like to thank all the security professionals who, once again, submitted an outstanding range of entries and offer my sincere congratulations to the finalists and winners who have demonstrated innovation, inventiveness and technological excellence. This event provides us all with a wonderful opportunity to highlight and recognise some of the best in the industry.

John Bates **Chief Executive - BSIA**
